

Survivor Australia's Michael Skupin at Your School?

Mike Skupin from CBS #1 hit reality show Survivor Australia announces year two of a very unique program for all schools. Michael has spoken to Elementary Schools, Middle Schools, High Schools, Colleges & Universities, Public Schools, Christian Schools, Catholic Schools, Charter Schools, etc.

Michael may have been the most prolific school speaker last year speaking over 80 times, several times at some schools. According to those people in attendance, his assemblies are:

Awesome

Michael's presentation was "awesome" to say the least. "Awesome" was the word I heard more than once as people came up to me expressing their appreciation. A blessing was another one I heard. The teenagers loved him! His love for kids came through loud and clear. I am so thankful there are people like Michael Skupin speaking to our youth.

Laura Pearson – Valley Christian Academy, Burton, MI

Worth a Million

"My sincere thanks to Michael. He certainly generated a lot of excitement, especially for the students. You may not have come home from Australia with the million dollar prize but your attendance here, the joy and entertainment you brought to our students was worth a million dollars to us at Madonna."

Rose Kachnowski, Director of Corporate Development – Madonna University, Livonia, MI

Energetic & Funny

"The Students enjoyed Michael as his energy filled the room. Our students actually leaped out of their chairs with laughter as a response to Mr. Skupin's message. The anti-drug message while veiled in humor and age appropriate stories was an excellent tactic to reach students of any age group. Mr. Skupin's celebrity status made the students more open to hearing the real message of having control over choices in life but little control over the consequences of your choices. I strongly recommend Mr. Skupin to speak to middle school students."

Julie Mackel, School Counselor – Martin Luther King Jr. Middle School, Oceanside, CA

Captivating

"Tremendous! Thank you for sharing your message on substance abuse and consequences. The student at both the middle school and high school were extremely attentive. Obviously, your delivery and message captivated the audience. You told it like it is! As I observed the audience, I saw sincere expressions and intense feelings. We need more. You have inspired us to continue the message"

James Dyson, Deputy Superintendent, Lincoln Park Public Schools

Enthusiastic

"Your message was presented with such enthusiasm. You did such a captivating job sharing your knowledge with the students. Your organization of video clips and stories were smooth and informative we could have stood around all night dialoguing with you. You have a wonderful message and we encourage you to continue bringing this message to schools."

Todd Holstage, Teacher & Gordie Nichols, Principle - Emmons Lk. Elementary, Caledonia, MI

Memorable

"What an outstanding presentation. Michael's message and presence will be remembered by both students and the faculty for years to come. It was one of the best assemblies our school has ever had. Many students will carry with them your excellent message of "survivorship" in life. There is no doubt in my mind that you positively impacted decisions that these students will be making as it relates to supporting each other, working together as a team, improving their education and saying "No" to drugs, tobacco and alcohol. I was also very impressed with the patience and personal attention you showed each student. Afterwards, you made each student feel special no matter what their need or request was."

Mike Ott, Principal - Harper Creek Middle School – Battle Creek, MI

Timely & Appropriate

"What you had to share with us was both timely and extremely appropriate"

Dr. Danny Lovett, Vice President & Dean – Liberty University, Lynchburg, Virginia

Highly Recommended

"I highly recommend Michael presentation to any organization. Our students and staff still discuss his visit and how it was a great success. I would be happy to discuss our experience with Michael at any time."

Bill Dobbins, Principle – Riverdale High School, Mt. Blanchard, OH

Unique

"Well, the smoke has cleared and it was wonderful. Thank you for your patience, great attitude, flexibility and good spirit. What's unique about Michael is he did not leave right after he was done. Michael stayed until the final autograph was signed, the final question was asked and the final picture was snapped. Hopefully we will have the privilege of working with Michael again."

Eric Buschlen, Campus Director – Saginaw Valley State University, Saginaw, MI

Mike uses humor, drama and real life experiences in the Australian Outback to speak on drugs, alcohol, tobacco, bullying, education, preventing the "I can't attitude", treatment of others, choices, consequences and futures.

Victory Over Addiction:

Mike has isolated the issues that trouble today's youth and brings it into a lighthearted event in schools and stadium events all over the world. Mike uses videos, humor and personal experiences to weave the message in a very unique way that kids will listen to. The message has been the same for years but the way we need to bring it to today's youth (our future leaders) has changed. One of the major goals of our organization is helping students to triumph over the destructive addictions of today's society so they can live a life full of healthy relationships! Mike educates kids and adults regarding drugs, alcohol, tobacco, peer pressures, education, treating all people the same, teamwork, habits, losing the "I can't" attitude, choices and life. Mike talks about their power to choose and how many bad choices can take that freedom away. Mike is currently working with his 11th kid and has requests piling up for many more. With your help, he can make a bigger and more permanent difference in their lives.

Mike's goal is to empower kids to make the best choices with whatever deck they are dealt. If you can conceive it in your mind, you can attain it. We are in the process of creating materials for the kids continuing education on the topics Mike speaks on. Mike's program has been so effective, he has literally received tens of thousands of emails and letters from kids seeking help. He continues to press on because of all this encouragement and the changes kids promise to make. Mike is committed to getting his message into every home in America.

How to schedule or speak with Michael about his program;

Michael Skupin & Associates • 6743 Highland Road - Suite 6 • Waterford, MI 48327 •
